Colloidal Mineral Supplement

Colloidal Mineral Supplement is made from seasonal mineral-rich Wild plants and Native trees and seaweeds. This formula is also a probiotic. It more than quadruples nutrient uptake from food/meals and can alkalize the body system straight away. It helps energy levels through providing friendly gut bacteria. This supplement contains high levels of magnesium, iodine and over 90 other minerals including zinc in a highly absorbable form.

The benefits of the Colloidal Minerals are:

- Assists coping with/getting off medication
 - Facilitates weight loss and Optimal metabolism
 - Increased natural Iodine levels and minerals help deal with radiation and WIFI
- Nourishes and heals digestive system
 - Hormone and Mood stabilizing
 - Stops sugar cravings
 - Replenishes friendly gut flora
- Optimizes nutrient uptake from your food
 - Stops muscle cramping
 - Helps heal IBS and other Digestive problems
 - Helps to detoxify heavy metals
 - Remineralizes your entire body
- Stops muscle cramping as the solution contains high amounts of magnesium, working synergistically with other minerals.

Dosage:

Take 1 capful 2-3 times a day in water for best results or add to salad dressings and have with meals to more than triple your nutrient absorption.

Ingredients:

Extracts of seasonally available mineral-rich wild plants and tree extracts, Unpasteurized apple cider vinegar, NZ Seaweeds, Bladderwrack and others.
